Duragrain vertical design

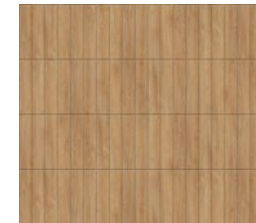

Creating a special style with vertical ribbed look

The six decors impress with a stylish door look that blends seamlessly into the architecture of your home. Together with the decors in vertical grain, the printed vertical ribbings form a harmonious door design.

Duragrain MatchDecor

For matching sectional garage doors and ThermoSafe aluminium entrance doors

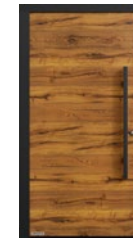

Is a particularly harmonious overall appearance important for your home? Then we have the perfect unit of garage door and entrance door for you here. Our LPU 42 sectional garage door with expressive L-ribbing and the Hörmann ThermoSafe MatchDecor aluminium entrance doors in 18 door styles are available in four decors for a perfectly coordinated matching look. The garage door and entrance door fulfil sophisticated design preferences, both individually and in combination.

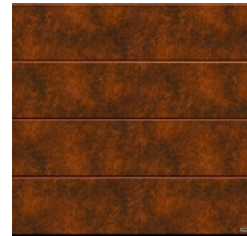

→ The detailed images can be found from page 54.

56 Wild Oak

57 Rusty Patina

58 **NEW.** Cement

Duragrain styles

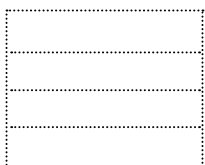

Design your door with your favourite style

NEW. DURAGRAIN IMAGE LIBRARY. Our configurator offers over 80 designs for you to create your new Duragrain door using a customisable image section. Choose your favourite image, from styles of cities, landscapes, vehicles or from the X-Large styles with large-scale representations of graffiti, surface or wood effects.

DURAGRAIN INDIVIDUAL PRINT. You can also design the Duragrain surface finish yourself by using a custom image. To do this, simply upload the image or contact your Hörmann sales partner.

All styles can be found in the Hörmann configurator at:
www.hormann.co.uk/home-owners-and-renovators/configurator

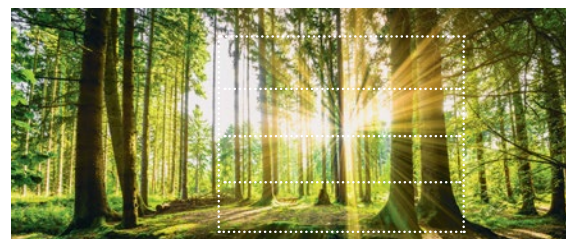

Symbolic representation of the door size 2500 × 2125 mm

Other styles

X-Large style with surface view

X-Large style with timber view (e.g.: Used Oak)

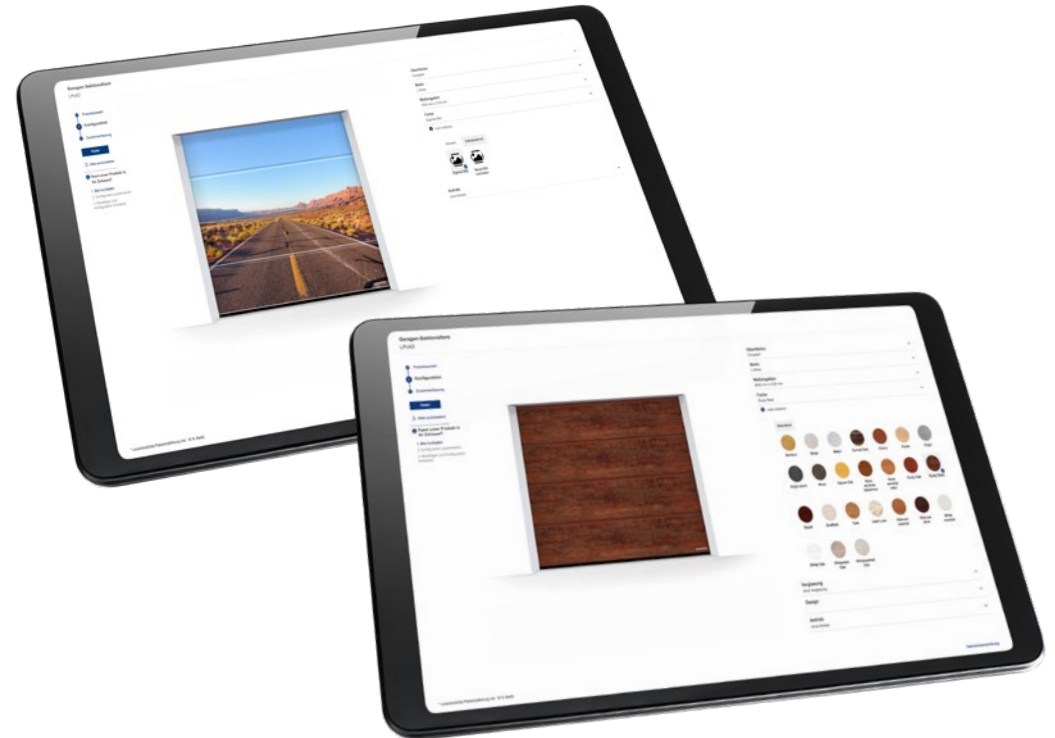

Configurator

The door of your choice in just a few clicks

With the door configurator, you can conveniently test many design and product variants on your own PC or tablet in advance. You can put your dream door together in just a few clicks by selecting the door type, surface finish, colour and size and also see the recommended retail price of your configuration. If you then upload a picture of your house and place the door in your garage opening, you can see in advance how well your new garage door will match your home.

The Hörmann configurator can be found at:
[www.hormann.co.uk/home-owners-and-renovators/
configurator](http://www.hormann.co.uk/home-owners-and-renovators/configurator)

Duragrain surface finish

With high-quality coating

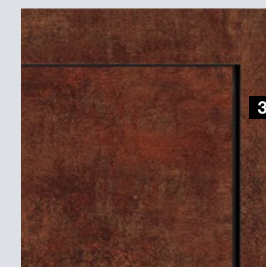

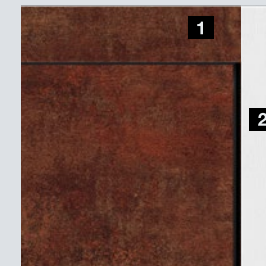

Duragrain

Extremely scratch-resistant

- 1** Double-skinned section
- 2** Galvanisation
- 3** Primer coating
- 4** Innovative digital print
- 5** High-strength protective paint

Duragrain doors are generally supplied in Grey white, RAL 9002, on the inside of the door. When the door is opened, a thin grey-white stripe can be seen between the sections on the outside. The fascia panel **1** provided always matches the door sections. The side frames **2** are available with a white Woodgrain surface finish as standard. With frame coverings **3** in the same surface finish and decor as the door section, you can enjoy a door appearance that is perfect in every detail. Optionally, window frames, glazing profiles as well as frame profiles for side doors are available in an NCS colour matching the decor.

Notice

The colours and surface finishes shown are subject to the limitations of the printing process and cannot be regarded as binding. Please consult with your local Hörmann sales partner.
